**WINNER MILLS**

Cleans, Separates and Grades, any kind of Grain

We have a stock of different sizes with and without power attachment. Mills will be scarce and higher in price so do not delay.

**Morrison & Johnston, Ltd.**

**ALBERTA'S GREATEST WOOL  
EXPERT MAKES DISCOVERY  
WORTH MILLIONS TO  
WOOL GROWERS**

Mr. W. T. Ritch, a member of the Canadian Sheep Commission in 1910 and now in the employ of the International Wool Grower's Association of the United States, recently made a discovery of rare importance to wool growers generally and to those of America in particular.

"Cotted Fleece," their causes and prevention, have until recently baffled both wool growers and specialists. In moist climates some losses are sustained from this cause every year, and during wet seasons everywhere losses from this cause are sometimes experienced.

Regarding Mr. Ritch's discovery the Salt Lake Free Press says: "Cotted Fleece has been a puzzle to wool specialists during the past fifty years. Dr. Bowman, who is admitted to be the world's highest authority on this subject, states that it has caused the loss of millions of dollars annually to the wool industry of the world."

Efforts are being made by the provincial Department of Agriculture to have Mr. Ritch address a number of meetings of wool growers in Alberta some time in February.

Mr. Ritch has had experience in setting wool in Australia, New Zealand and the Argentine, and his services are much sought for as a lecturer, experimenter and demonstrator.

## GET VACCINATED

The health officer and the school board are of the opinion that all children should be vaccinated before returning to school. Consult your doctor. If small pox is to be stamped out, parents will do well to attend to this matter without delay.

## DR. CLARK HAD VERY GOOD MAJORITY

Red Deer, Jan. 4.—Dr. Michael Clark was elected member for the Red Deer riding for the federal house by a majority of 1,220 over W. F. Puffer and by a majority of over 530 over both opponents. This is upon the civilian vote alone, the soldier vote not yet having been received. That vote should increase the majority by at least 1,000.

With all polls in the returns given out officially yesterday were as follows:

Michael Clark ..... 4,945  
W. F. Puffer ..... 3,725  
Jos. Knight ..... 690

## RED DEER'S TRIUMPH

Dr. Clark was elected in Red Deer by a plurality of 1,220 over W. F. Puffer, and a majority of 530 over both opposition candidates. Some gentlemen predicted that Dr. Clark might be saved by the third candidate. But he had more than 500 more votes than both opponents combined. That without the vote of the soldiers, which will bring the majority up another 1,000 or 1,500.

This is a very creditable result. Red Deer should be proud of itself for its successful performance. The opponents of the government made a keen attack upon the man who first suggested Union government, and who left his leader when it was a lone some and very unpopular thing to do. He was opposed very strenuously and bitterly by some provincial cabinet ministers and Alberta Government officials over the riding.

The people of Red Deer stood firm. They knew a good man when they saw him. They recognized the worth of their member, and they returned him by a sweeping majority. All honor to Red Deer.

## ABOLISH THE SENATE

The government is delaying the appointment of senators for the province of Alberta. There are still two vacancies for this province for the next session, and though there are competent men who might be pressed into service in that capacity, no selection has yet been made.

Can it be possible that the government is delaying because it has decided to amend or abolish the senate entirely? Can we hope for as much as that? The Canadian senate is the most undemocratic in principle and most useless in practice of any law making bodies in the British empire and runs a close first in those undesirable respects to any law-making body in the world.

British and American papers are

criticizing the despotic nature of the Kaiser's so-called suffrage reforms in Prussia. No serious objection is found with the lower house or first chamber. But the critics find many jokers in the method of selection of the members of the upper house.

Of the 610 in the upper house 50 are to be appointed by nomination from representatives of former imperial houses of princes, counts, barons and other hereditary nobles. One hundred and fifty members are appointed for life by the Kaiser, from those who "enjoy special royal confidence."

But what about the Canadian senate? All of the members are appointed by the crown, and the tenure of office is life. If the second chamber of the Prussian diet is undemocratic the Canadian senate is despotic.

If the Canadian senate would exert its powers it would soon arouse the Canadian people to such a pitch that they would wipe it out. But it is useless, extravagant and has an evil influence. It has been the keystone of the patronage system. Whatever influence it has is for evil. It should not be maintained. It should be ended. It is quite possible that the Union government is delaying the appointment in preparation for reforming or abolishing the senate.

## NEW PHONES

The following new phones have been added to Lacombe list:

59—A. Lundie.  
86—D. Calder.  
57—Rev. H. Asaiter.  
110—W. Garvin.  
R615—F. Calkins.

## DANCE AT SPRUCEVILLE

There will be a masquerade dance in Spruceville U. F. A. Hall on Friday evening, January 18th, to which everyone is invited. Good music assured. Ladies will please bring refreshments.

## NOTIFICATION OF VENEREAL DISEASES ORDERED IN SASK.

Regina, Jan. 4.—Proclaiming venereal diseases as contagious and infectious, Dr. Seymour, public health commissioner for the Province of Saskatchewan, acting under provisions of the public health act, announced today that these diseases will in future require to be reported and that those suffering therefrom must at once secure treatment and remain under the care of a physician until cure has been effected. The physician is required to report the case to the commissioner of public health within three days of the patient's first visit, together with other information relating to the patient and family.

## CONFIDENT NOTE IN THE MESSAGE OF CLEMENCEAU

PARIS, Jan. 1.—Premier Clemenceau has given the New Year's message to the Petit Journal.

"Why have I confidence? Because

I know our policy; because I know their chiefs, their cabinet and resolute. Because I know our steadfast Allies; because I see the Americans at work; because our enemies now put all their hopes of peace in the action of Russia's Maximilians."

"A few more strong efforts. The road is straight. I sight the goal."

## WINTRE'S BARN RE-OPENED

Those Dags has leased the Winter Barn on Barnett Ave. and will open it to the public Saturday morning. Special attention given farmers teams.

## MORNINGSIDE NEWS

In the death of W. H. Johnston, of Morningside has lost one of its most highly respected citizens. After six months patient suffering, and in spite of all that loving hands could do, he passed quietly away on Wednesday morning, December 26.

The late Mr. Johnston was born at Ottumwa, Iowa, January 1861, and was married to Miss Alice Gee on January 31st, 1885. They moved to Nebraska the following year, and then to Alberta in 1900, where they farmed in the vicinity of Morningside until 1912, when he became general merchant and post master of that town, which position he held until the time of his death.

The deceased was a prominent man in school affairs, having been among the first trustees of the Pleasant Hill and Morningside districts. He also held the position of secretary-treasurer of the O. K. Creamery Co. for a number of years.

To Mr. and Mrs. Johnston eleven children were born, nine of whom are living, and were with their father most of the time for several weeks before his death. One boy died in infancy, and Pearl passed away in the summer of 1913.

The surviving ones are—Roy, of Calgary, Mrs. Munster and Hills, of Wainwright, Mr. Winslow and Mrs. Scott, near Morningside, Mrs. Wand, Biddford, and Ethel, Birdie and Clara at home.

The remains were laid at rest in the Lacombe cemetery on Friday afternoon, Dec. 28th. Much sympathy is extended to Mrs. Johnston and family in their great loss.

## Local Notes

Sunset School will re-open on January 14th, with J. L. Robertson in charge.

St. John's Ambulance wish to acknowledge \$20.00 from Centre Valley Women's Club.

The Red Cross sewers and knitters will meet at the home of Mrs. Jas. Gourlay on Friday afternoon.

Get your beef by the side at Gilmour's. It will pay you. Phone 20.

Farmers—Buy your beef by the piece at Gilmour's and save money. Phone 20.

## IOWALTA NEWS

The progressive School opened on Monday, 7th, with Miss Kinley as teacher, after having been closed for some time on account of lack of fuel. The trustees refused green wood last spring at 95c. per cord, because there was a little balm in it; now they are paying \$1.15 per cord of dry wood. The new woven-wire fence, with its beautiful posts, looks most beautiful, and gives the passer by the impression that the school is progressive in appearance as well as in name. The extra amount of banking adds greatly to the warmth of the building, and if put about a foot higher probably no wood at all would be required. The magnificent inside door, built of inch lumber, adds greatly to the appearance of the inside of the school, and gives the visitor the impression that he is entering a palace. All ratepayers should attend the annual meeting and see how their taxes are being spent. Resident Ratepayer.

Large Yorkshire sow estrayed from my place, s.e. 1/4 of Sec. 24-1-28-4 on Dec. 18. Reward for information leading to recovery. W. R. Winslow, P. O. Morningside.

## O. K. CREAMERY

The annual meeting of the shareholders of the O. K. Creamery, Morningside, on Wednesday, January 16th, at 1 o'clock, P. M. J9-1c

## Alberta Faces Direct Taxation

The Alberta Government has announced that the provisions of the Alberta Farm Loans Act will be suspended indefinitely.

This act was passed at the last session of the Legislature and was not opposed by the conservatives. It was part of the farmers' vote catching legislation passed in the last minutes of the session, and helped to save an extravagant government from defeat.

We now find, what we contended right along, that the government has got to the end of its borrowing powers and we are of the opinion that in the bad financial condition the Province is now in, it will be a very long time before an undertaking of the magnitude of the Farm Loans act can be financed. The Provincial Government has got to a place where the next step, if they intend to continue in the old extravagant happy-go-lucky way, will be a direct tax upon the land.

It is up to the government to practice economy. Our taxes are going to be heavy enough in paying our war debts without the increased burden of a provincial tax caused by the extravagant methods of a few cabinet ministers of the Marshall-Cross class, who spend our money for political advantage, regardless of public necessity.

### SCREENINGS AVAILABLE AS HOG FEEB

The Provincial Department of Agriculture is giving the best assistance possible to the campaign for increased hog production in order to meet the urgent need of the allies for larger supplies of bacon. The question of economical feeds in sufficient quantity is necessarily important in meat production, and in times of keen demand the cheaper kinds of foods take on a relatively high value. In former years large quantities of screenings have been exported to the States, but by a recent Federal Order-in-Council an embargo has been put on screenings in order to encourage their larger use within the Dominion, under the direction of the Food Controller. Licenses on export will not be granted until the Live Stock Branch of the Federal Department of Agriculture, acting for the Food Controller, has had opportunity to purchase at the export price offered to millers. The grade called "A" screenings are the class of feed being offered to feeders. They consist chiefly of cracked wheat, oats, buckwheat, wild-oats and other grains but are separated screenings and do not include dark seeds. A considerable supply of this feed is now held by the Federal Department of Agriculture and is available for immediate shipment to feeders.

The Provincial Department of Agriculture is co-operating with the Federal Government by undertaking to receive applications for supplies of this feed and to attend to its distribution. It is available only in car lots, either to individuals or co-operative groups. Co-operative groups may be such farmers' organizations as the United Farmers' Associations or the Agricultural Societies or any other group which may co-operate simply for the purpose of securing these supplies. Shipments will be made on usual feed terms; namely: sight draft attached to bill of lading. Accepted cheques of \$100.00 which will be returned on completion of the sale must be sent with application.

Application may be made to J. D. Smith, Supt. Seed and Weed Branch Department of Agriculture, Edmonton, Alberta.

Yours Truly,

H. A. Craig,

Deputy Minister of Agriculture  
Edmonton Alberta.

### GERMAN NOBLES ESCAPE DEATH

Germany has been engaged in war for three years and up to the present time, not a "bloody" German has lost his life. In the list of killed and wounded there has not appeared the name of a Prussian or German prince, not even a member of the nobility. If they are around the firing line at all, they are in a deep cellar with a floor covered with fine carpet.

The emperor of Germany has six sons, and two of them have received a scar. One or two of them have been married since the war began, and the crown prince, who was supposed to command at Verdun, has had another prince born to him.

The German autocracy is not going hungry. None of its members is carrying a bread ticket. With them everything goes as usual. It was charged in the European newspapers a few weeks ago that a car load or two of beautiful singers were sent to Verdun on special trains in order to dance and sing and cause the crown prince to forget his troubles, while he is more than twenty-five miles from any cannon.

There may be mourning in every household in Germany. There is

mourning in every household of the common people. But the emperor and the royal family generally have no personal occasion for shedding a tear.

### Rainy Creek News

Mrs. Nora Steele, the Misses Nellie and Annie Thompson and Miss Mildred Carrith, are the school matrons of the Rainy Creek Neighborhood who are spending the Xmas holidays with home folks.

Mary Thompson, student of Red Deer High School, and Reg. Thompson, who is attending the Olds Agricultural School, are home for Xmas holidays.

Harold Steele, who has been absent for the past year is visiting his mother and other relatives here.

Mr. Donaldson, who bought the house on the Munson place, had it moved last week to his farm just across from the J. B. Dene place. It begins to look as though Mr. D. was getting ready for a housekeeper soon.

A quiet wedding was solemnized on Dec. 18, at the manse, Red Deer, when the Rev. Dr. W. G. Brown united in Marriage Fred Carrith and Miss Rose Petro. The happy couple will reside on the "creeks" farm. On Thursday evening of last week Fred treated his friends to a supper at the home of his parents.

G. W. M. Thompson returned home from Victoria last week, having been discharged from the Overseas forces.

The programme given by the teacher and pupils of Carrith school on Monday last was one of the most successful of the many good ones given at that place. This is the sixth year the present teacher, Mr. Donaldson, has been in charge of the school. In spite of the extreme cold the school-house was packed to the doors.

### JUDICIAL SALE OF FARM PROPERTY

Pursuant to the Judgment and final Order For Sale there will be offered for sale by public Auction with the approval of the Master in Chambers of the Supreme Court of Alberta, by Clarence F. Dunsmuir, auctioneer, at the Post Office in the Town of Lacombe, Alberta, on Saturday, the 26th day of January A. D. 1918 at one o'clock, p. m.

The North-East quarter of Section Twenty-six (26) Township Forty-one (41) Range two (2) West of the Fifth Meridian, subject to the reservations and conditions in the grant from the Crown or in the existing certificate of Title and excepting mines and minerals, and any Seed grain Lien in favor of the Crown still out-standing, particulars and amounts of which if any will be made known at time of sale.

The property is offered for sale subject to a reserve Bid.

The Vendor is informed of the following particulars:

The property consists of 160 acres of land of which 140 is good arable land; and the balance consists of 10 acres of scrub land and 10 acres of alough; the property is fenced on four sides with two strand wire fence and poplar posts; the soil is black loam with clay sub-soil; the property is watered by a well and is situated in a settlement of English speaking people; the nearest Railway station is to the said property is Sylvan Lake a distance of 10 1/2 miles; the property is situated 2 1/2 miles from a school and 8 miles from a church. There are the following buildings on the said land: Granary 24X26; Hen House 12X14; Barn 24X32 and house 24X24 all in fairly good repair.

The terms of payment are as follows:

Ten per cent. of the purchase price is to be paid to the Vendor or its solicitor at the time of the sale and the remainder into court within 60 days after date of the sale without interest or in the alternative 10 p. c. as aforesaid and the Vendor is prepared to accept a mortgage for \$700.00 payable in five years with interest at 8 p. c. per annum and the remainder of the purchase price is to be paid into court within 60 days after date of sale without interest. In all other respects, the terms and conditions of sale will be the standing conditions of the Supreme Court of Alberta as approved by the Master in Chambers.

Further particulars may be had from:

S. A. Dickson, Barrister, 508 Teller Block, Edmonton, Alberta.

Dated at Edmonton, Alberta, this 29th day of December A. D. 1917.

Signed J. A. Ross  
Clerk of the Supreme Court.

## HIS HEART BADLY AFFECTED

### "Fruit-a-lives" Soon Relieved This Dangerous Condition

333 GERRARD ST. EAST, TORONTO.  
"For two years, I was a victim of Acute Indigestion and Gas in the Stomach. It afterwards attacked my Heart and I had pains all over my body, so that I could hardly move around. I tried all kinds of Medicine but none of them did me any good. At last, I decided to try 'Fruit-a-lives'. I bought the first box last June, and now I am well, after using only three boxes. I recommend 'Fruit-a-lives' to anyone suffering from Indigestion."  
FRED J. GAYNEK.

10c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

### FOOD FOR THOUGHT

One can readily understand differences of view respecting the war among people of a common religious faith, when separated by national lines. There is for instance, nothing startling in the fact that Methodists in England are fighting Methodists in Austria or that Catholics of Austria are warring against Catholics of France. But what is one to think when these differences of view appear among men of one religious faith within the borders of a single belligerent nation?

Father Bernard Vaughan famous Jesuit and brother of the cardinal, is publicly promoting British war and when he was asked whether the pope would accept his views, answered: "Although I am a priest, I am an Englishman still, and to me any man who stands between me and my king, my country or my flag."

In the province of Quebec a clerical paper, La Croix, circulating largely among the Catholic Clergy, is working for a rupture of the confederation pact because of the success of Union government. In a recent issue of asks Premier Borden, "now that he has the brutal force to do so, if he will put into execution his war programme."

He was authorized by the last parliament to send 100,000 more men to European butchery; will he still ask for more blood when this is all shed on the battlefields?"

We do not suggest any explanation for such widely divergent views on the war in this religious family, but suggest that the two incidents mentioned above furnish food for sober, serious thought by the people of Canada irrespective of their religious beliefs.

## Complete Service to Ford Owners Everywhere

COURTEOUS attention to your needs wherever you may travel is something you appreciate, and being a Ford owner you can get it. You are always "among friends".

There are more than 700 Ford Dealer Service Stations throughout Canada. These are always within easy reach of Ford owners—for gasoline, oil, tires; repairs, accessories, expert advice or motor adjustments.

The cost of Ford Service is as remarkably low as the cost of the car itself. Nineteen of the most called for parts cost only \$5.40. Just compare this with the cost of spare parts for other cars and you will realize the advantage of owning a Ford.

## PREMIER CHARLES STEWART OUTLINES POLICY FOR 1918

### TO THE PEOPLE OF ALBERTA:

The province of Alberta has again been blessed with an abundant harvest, for which our people should be, and are grateful to a beneficent providence. We should, however, appreciate that this abundant production, resulting as it has in great material and commercial prosperity, is not for ourselves alone but is in the nature of a trust for the empire as a whole, and we should face the New Year with a full realization, not only of the pressing need for increased production next season, but of the absolute necessity of practicing rigid economy to the end that all our resources, and especially our surplus food production, may be made available for the successful prosecution of the war.

The government of the province, realizing the responsibility of the present time, has outlined a program for 1918, in which "economy" is the dominant note, and by "economy" is not meant frugality alone, but rather systematic management at as low a cost as possible, so that the government may through closer organization in some of the most important departments of the public service, increase its efficiency and at the same time effect a lower cost of administration. The question of public highways, also, will be given attention, with a view of creating a higher standard of service than has hitherto been found possible.

There are two great social and economic questions of which the government purpose giving very close attention: One, the liquor question, has been the subject of a provincial referendum; but in view of the limitation of the constitutional powers of the province it was not possible to enforce the will of the people on this question. Now, however the provincial government, having obtained the necessary co-operation of the Dominion government, it will be possible to enforce the will of the people on this question.

The other—that of public health—has been a source of great difficulty in all comparatively new countries, owing to settlements being scattered over great areas. There is no question, however social or economic, more important to any country than the matter of public health, it is essential that proper medical supervision and modern medical methods should be available even in the outlying portions of the province, for the benefit of the present as well as the coming generations.

Another vexed question has been the voluntary question of raising money for the patriotic fund. The province as a whole has done remarkably well, but, as under most voluntary systems, a limited number of people have borne the major portion of the burden. The government, realizing the necessity of relative equality of giving, is making provision to grant \$900,000 to this fund on behalf of the province, and to that end will impose a tax which will carry out a system of equality in this patriotic duty. Another result of this method will be, that the field of private contribution will be left open to the work of the Red Cross Society and other causes so worthy of support.

CHARLES STEWART,  
Premier of Alberta.

### WORK OF THE "COW BILL" IN 1917

During the last eight months the "Cow Bill" passed at the last session of the Alberta legislature has been brought very effectively into operation. One thousand and thirty farmers have taken advantage of the act and have formed associations, and under it have purchased breeding cattle. Care has been exercised to see that the men who were availing themselves of the privileges of this act were prepared to take care of their cattle through the winter, and as we are now well into the winter the government has decided to suspend operations under the act until spring, as practically all who are prepared to winter their cattle have secured loans. Arrangements will be made by the Department of Agriculture for the carrying on of the work during 1918, recognizing as it does, the very great importance of putting stock within reach of the homestead of the province. Few acts passed by the Alberta legislature have worked out more satisfactorily than the "Cow Bill."

### ON THE SIDE

(From a correspondent)

Mr. Harry Magilton and Young Brothers are farmers in this district who are interested in the campaign for greater food production. Mr. Magilton is feeding a large herd of cattle while Young Brothers are engaged in the production of wool and mutton; sheep being particularly adapted to this climate, living for most of the year on the range and giving a good quantity of wool.

Mr. Magilton helped in the making of many tons of hay. During the month of July and August he and his companions stacked several hundred tons in the immediate vicinity of Lac-

ombe. "We believe in having plenty of good machines," said Mr. Magilton and good men. "We could easily have stacked another hundred tons. We stacked this in three days and could have got more." The field referred to contained about sixty acres.

Messrs Ormond and Percy Young live about six miles south west of Lacombe. A brother from their Ontario home visited them a short time ago. Mr. Young reports the labor shortage in Ontario as very serious, many elderly men attempting to work on large farms without help. Hay and grain must be harvested there at the right time otherwise it becomes worthless.

In the United States there has been some organization for greater food production. Districts which are particularly adapted for live stock are producing more meat while the grain growing areas are watching the grain basket. Carl Yreman, Assistant Secretary of Agriculture for the United States' writing in the Review of Reviews on the "Food Army" states "There never was another fight like this in the world." May we not see some such fate for Prussianism hurried under a roaring avalanche of wheat? He says, "I am a corn belt farmer and the poetry of the corn is in my heart, as the economic necessity of it is in my mind."

Acting under instructions from the government Mr. Robert Gibson and others have been inquiring among the farmers as to the number of hogs being raised by them. Farmers in all parts of the country are being urged to patriotically engage in greater production of bacon.

Directly following Dr Clark's meeting in Lacombe, on the evening of December 15, your correspondent had the pleasure of meeting and talking with one of his staunch supporters. This gentleman said that he could not understand how any conscientious person could vote against Union Government. We had not gone more than two miles on the Gull Lake road however the gentleman said that sixty-five per cent. of the people in the land had an aim in life and were

not drifters. Nine days later Mr. Puffer stated that some Englishman did not understand the French Canadians and did not want to.

## Brood Sows To Farmers at Cost

In order to secure an increased production of bacon in Alberta, the Provincial Government is buying grade brood sows, which will be sold to farmers at prices prevailing at time of delivery, with one dollar added for service fee. These animals are being purchased at current prices in the stock yards and the packing plants in Edmonton and Calgary. Especial care is exercised to select animals of good length and depth. Growth but under-estimated animals are the kind chosen. These will be bred between December 20th and January 10th, and repeated, if necessary between January 11th and February 1st. All an-

imals that repeat the second time, also all that fail to come in season at all, will be discarded because of the lateness or uncertainty of the time when they will farrow.

A record will be kept of the male to which each sow is mated, and the date of same, in order to be able to inform the purchaser as to the time when, and the type of pig each will farrow.

Boars of Berkshire, Yorkshire, Duroc Jersey, Poland China, Hampshire and Tamworth breeding will be used. Inquiries and applications should be addressed to the Live Stock Commissioner, Department of Agriculture, Edmonton.

## 1918 MODEL McLaughlin Valve-in-Head FIVE PASSENGER TOURING CAR E-FOUR 35

The easy-riding qualities and ample leg room of this McLaughlin four-cylinder touring model makes it a car of unusual merit. It meets with the approval of those who have use for a full-powered, economical and well-proportioned light touring car. This model is an improvement on model D-Four-35. A sloping windshield and many minor improvements make it more beautiful in appearance and more efficient than ever.

Expert engineering, the best of material and skilled labor have produced in this McLaughlin model a medium-weight car at a medium price—a car of the pleasing stream-line body type, well and comfortably upholstered.

While this car is moderate in its price it is really a big car and very similar in appearance to the other McLaughlin models. It has a style and finish that immediately puts it in a class with the automobiles one is proud to own.

McLAUGHLIN CARS stay sold. The fact that there is very rarely a used McLaughlin on the market indicates public recognition of their value.

## WOODY NOOK HAS A BIG RED CROSS FETE

The Red Cross raffle and shoot at Woody Nook was a great success, despite the fact that the thermometer registered 40 below zero. Thirty-four people took part in the competition, and it was one of the liveliest crowds ever got together, and made up in enthusiasm what it lacked in numbers. As it was too cold for outdoor shooting, a target was rigged up and shooting took place from a window in the school, and the boys who did the marking are sure deserving of some credit.

### SHOOTING GALLERY

Five turkeys, two splendid pigs, twelve lots of hens and roosters, (some boxes containing two and four birds), were shot for in the various competitions. There was some good shooting, the winners often being barely 1-10th of an inch apart, and often having to shoot off to decide, thus making the competition very interesting.

The winners of the prizes were—  
1.—W. Siler, 5 prizes, including the \$5.00 pig.

2.—Joe Biglands, 4 prizes, including the \$10.00 pig.

3.—W. J. McInnes, 3 prizes.

4.—Roy Rice and L. Reynolds, each 2 prizes.

5.—Messrs. Grant Curry, C. Ross, H. P. Peterson, each one prize.

Joe Biglands carried off prizes to the amount of \$17.00, so held up the honor of Spruceville.

The sum total of prizes for the shooting gallery was \$43.30, and after expenses had been deducted, showed a clear profit of \$43.00.

**THE GODDESS OF LUCK**  
It seems strange, but wherever men gather she gets in a good few worshippers. Her high priests were Tom Reynolds, Frank Lenhart, and Grant Curry. Sacrifices burned on her altar were chickens and ducks and two stray turkeys. They tell me there is a credit of \$17.00 due her most unholy shrine.

### Raffling

Two Geese donated by Mrs. McNab brought \$10.00, the winner being Geo. Doherty, Gull Lake.

The laundry bag donated by A. M. Campbell, and finished by the girls of Woody Nook, was raffled off and brought a handsome sum.

### By Auction

The silk muffler donated by Dave Hay brought \$2.75.

Cash donations amounted to \$24.00. The Woody Nook Union Sunday School is to be credited with \$10.00 of the \$24.00.

The ladies are complimented on the splendid lunch provided. They bled the boys all day but when they found the boys were broke, it was "without money and without price—just help yourself." "God Bless them."

The total realized for the day, over all expenses was \$103.85, which sum has been turned over to the Red Cross Society.

We thank all who participated in this shoot and remain as ever, Woody Nook.

P.S.—A moral of the whole affair is "Never bother a son of Scotland when he is counting money after a hard day's worship, with few blessings at the shrine of the 'Goddess of Luck.'"

### How Many Kernels of Wheat in the Jar?

### You Have a Chance to Win This Car?

In each of these stores you will see an illustration of a jar of wheat—The first person sending in the correct estimate as to the number of kernels of wheat contained in the jar will be awarded this beautiful 1918 Model Chevrolet Car.

#### HOW TO GET GUESSES

Every dollar spent with these merchants, or every dollar paid on account to them entitles you to a guess on the jar of wheat—Guesses must be accompanied by the usual counter sales slips—These slips are accumulative, the dollar need not be spent at one store or at one time.

#### A GUESS FOR EVERY DOLLAR SPENT

There is no limit to the number of guesses a contestant can make. You have a guess for every dollar spent.

#### THE JAR

A "No-Vary" pickle jar which can be had at almost any grocery store is an 18 ounce bottle filled with No 1 hard wheat thoroughly cleaned and placed in the bottle by the city officials of Red Deer, to be opened by the judges when the contest closes. All guesses will be time stamped before being deposited in the sealed barrel, and will not be opened until the contest closes. Remember, the first correct guess wins—so guess early and as often as you can.

Employees of the Advocate, Red Deer, who are handling the guesses in connection with this contest, are not permitted to enter this competition.

#### WHERE TO GUESS

## Drastic Legislation Outlined By the Union Government

Already the new government has given substantial evidence that the business of this country is to be placed on a war basis. The new liquor legislation the supervision of provincial municipal and corporation allocations will be followed by even more drastic enactments to conserve the resources and energy of the country. In his St. John Speech, Hon. F. B. Carvell foreshadowed such action, and already regulations to give effect to the new policy are under consideration and will be dealt with on the reassembling of the ministry early in January. The government recognise in the sweeping victory of December 17 a mandate to conserve and devote the resources of the country to winning the war. It is not expected that the government policy will be given effect entirely at once but that the cabinet will be governed by business conditions and considerations, and when feasible consumption will be restricted, waste and luxuries eliminated and production of foodstuffs and material for essential industries stimulated.

Food is the great necessity. The government proposes to decrease consumption and increase production. Within a few weeks hotels and restaurants, it is expected will be placed on

### Young Mothers

Reserve strength for motherhood is of two-fold importance and thoughtful women before and after maternity take

**SCOTT'S EMULSION**

It supplies pure cod liver oil for rich blood and contains lime and soda with medicinal glycerine, all important ingredients for strengthening the nervous system and furnishing abundant nourishment. It is free from drugs. Insist on the genuine.

Scott &amp; Bowser, Toronto, Ont. 17-20

a war basis, by a strict supervision of meals and the restriction as to the variety and quantity of food to be served guests. It is believed that this will be followed by a restriction as to the quantity of certain essential foods to be purchased by private individuals. Sugars, tea, coffee and similar commodities will be carefully supervised so that hoarding and undue consumption will be prevented.

Where there is a world's deficit of any necessary commodity, or where ocean transportation is necessary to bring it to Canada, the government will act to conserve the supply without undue interference with the requirements of the people. Where luxuries require essential food products in their production a radical policy may be expected. Candies and similar luxuries will be restricted in production, but in this instance, as with other commodities, a reduction in production will not necessarily be followed by an unfair increase in cost to the consumer.

Another commodity requisite in the war operation and commercial life is gasoline in automobiles and motor boats for pleasure purposes cannot continue. Before the season when the use of these becomes normal there will be stringent restrictions governing the supply of gasoline, and it will be allocated to essential industries and essential railway facilities. At present transportation facilities. At present however, the most immediate action necessary is the distribution of the coal supply in Canada. With more coal imported into this country than in any previous year, many families are faced with a shortage that may mean suffering and misery. The government is being urged to make an inspection of all homes to ascertain the amount in storage and if necessary to confiscate private stocks to relieve those who were unable to secure their winter's supply. Immediate action in this regard is anticipated.

While conserving supplies of necessary food stuffs and other commodities, the government has under consideration the stimulation of production in these lines. There is no fear that the elimination of the production of non-essentials will lead to unemployment, as there will be ample employment in the production of essentials to require all the labor in the country. Plans are already under way to mo-

bilize labor for the farm and for other industries. Every effort is to be made to encourage increased production of cereals, hogs and cattle. The meat shortage is the most serious factor in the food supply. An effort will be made to supplement the meat supply by increasing the fish production in the Atlantic, Pacific and inland waters with a more rapid system of distribution.

Along with the policy of conserving the food supplies, the government is taking active measures to prevent unnecessary expenditure by provincial governments, municipal councils and corporations. Sir Thomas White has taken authority to control all bond allocation. Allotments that are for the purpose of embarking on new works, unless they are absolutely essential, will not be permitted. Municipalities must not initiate local improvements with the expectation of securing the money in Canada unless they can show that such are necessary and cannot be deferred. The government will require the whole of the financial resources of the country to carry on the war and to finance purchases in Canada by the allies.

It is believed that the railway war board will be given more extensive powers. The increase in freight rates as proposed is arousing considerable opposition, and the railway war board may become the operating board for railways or at least have authority to curtail or increase the transportation facilities on the several roads as they may desire. "Another commission is almost certain to materialize. A war board to control supplies of essential raw materials produced in Canada and to secure and allot supplies of material imported will be named within a few days. It will be given authority to export the Canadian surplus of such commodities and to negotiate for supplies that are inadequate in this country.

Food, finances, and essential raw materials will be within a few weeks all coming under government control or at least effective movement supervision. How far this control will be allowed by fixing maximum prices has not been decided, but it is understood that the new government will not permit a shortage in any commodity to cause an unjustifiable increase to the consumer. Price fixing has already been established with success in the

marketing of wheat, cheese, print paper and other commodities, and an extension of this system of regulation is inevitable with the deficit in supplies and the requirements at home and in the allied countries. The government will if its present policy is put into effect, eliminate much of the present waste, reduce the expenditure on luxuries and non-essentials, and control supplies and prices.

### Alberta Faces Direct Taxation

That a new revenue act will be introduced in the Alberta legislature, at the next session in view of the responsibility for the Patriotic Fund assumed by the government is announced by the premier in his New Year statement in the Globe this week. Especial interest accordingly attaches to the budget statement made the other day by Mr. Dunning, the provincial treasurer of Saskatchewan, where the legislature has been in session. A year ago Saskatchewan passed a patriotic Revenue act. This is now replaced by what is called the Public Revenue act.

Under the Patriotic Revenue act each municipality was made liable for the total amount of the tax within its borders, to the government. Under the new measure that principle is abandoned and the municipalities are asked to pay to the provincial treasurer only as they receive the money from the ratepayers. In this respect it is placed on the same basis as the Supplementary Revenue act. A commission to municipalities is provided for the work they do in connection. Apart from these features the act is the same as it was under the old name.

The following passage in Mr. Dunning's speech has particular significance.

"Our people may as well get accustomed to the idea of direct taxation for provincial purposes in Saskatchewan as I believe it has come to stay. I believe our people are ready to meet it. For the present at any rate all the revenues derived from this tax and more also will be needed for patriotic purposes in connection with the war. We will have to spend more money this year than has been received from the Patriotic revenues act. As time goes on we shall be able to see the necessity for a greater or lesser amount. In this bill the principle of direct taxation for provincial purposes is established."

If Saskatchewan has come to the conclusion thus set forth by Mr. Dun-

ning. It is inevitable in Alberta. If direct taxation is to be a fixed principle in Saskatchewan we must look forward to it here. The new respon-

sibility in connection with the Patriotic fund will simply force action along this line at an earlier date than would perhaps otherwise have been the case.

**MAXWELL**

**We Announce the New Winter Maxwell**

The car that makes winter motoring in Canada practical—economical—comfortable.

And motoring, to-day, is an all-the-year-round passenger-transportation NECESSITY.

The Maxwell "all weather top" meets this vital modern transportation need in the most practical way.

The cars are the famous Maxwell touring car and roadster—economical, efficient, durable.

The new thing—the big, progressive thing—is the enclosed top, which gives snappy appearance and closed car comfort at much less than closed car prices.

This is just what you have wanted. Come to our salesrooms and see the cars.

Touring car with all-weather top - \$1200  
Roadster with all-weather top - \$1165

## LACOMBE, ALBERTA

Divine Service in St. Cyprian's Church on Sunday next at 7.30.

The Y. M. Club will run a picture show and dance on Tuesday night Jan. 15th.

Church of England Service at Milton Schoolhouse on Sunday 13th at 3 o'clock.

For Sale—Very choice 1800 lb. City gelding. Call or phone W. E. Tees.

Lost—Dog harness accidentally left in some farmer's sleigh. Finder will please return to W. F. Graham Union Bank.

The Red Cross acknowledges with thanks the sum of \$13.70 proceeds of drawing for cake donated by W. Oman.

D. A. Kerr, of the staff of the Merchants Bank here, has been transferred to Hughenden, and his place is filled by A. M. Harper, of Killam.

J. C. Bates, Chiropractor, will locate in Lacombe, and will make his announcement next week.

A lady's watch was lost in Lacombe last Saturday and picked up by a child. If the watch is returned to Miss Red, telephone office, a suitable reward will be paid.

The Gull Lake Helping Hand Society will meet with Mrs. D. A. White, sell the third Wednesday of this month. Red Cross work to be done.

Sprouville Red Cross will meet with Mrs. J. Crooker on Thursday afternoon, January 17 at the regular hour.

The Women's Institute will meet in the Rest Room on Saturday afternoon, 12th inst, at the usual hour. As business of importance is to be transacted, all members are requested to be present.

Citizens are notified that in future newspapers and other periodicals for the United Kingdom, must be sent singly. No package containing more than one copy of any paper or periodical will be accepted at the post office.

Santa Clause was the recipient of a nice box of chocolates from the children of Spring Valley this Xmas. Santa has for several years appeared promptly in the district, and everyone thought he should be rewarded in some manner for his faithfulness. He wishes to thank the teacher and scholars.

Mrs. Mason received a letter from Robert this week in which he says he was pleased with the parcel sent by the St. John's Ambulance. The box enclosed were knitted by Mrs. Slater.

J. F. VanBaskirk, on the eve of his departure for the States, was arrested on Monday by Provincial Detective Scott, on a very serious charge. He was taken to Red Deer, where he will await his preliminary trial.

Peter Morrison lost four valuable work horses this week, the animals being killed near his farm by the C. P. train. H. A. Kennedy also had the misfortune to lose four head in the same way a few days ago.

Capt. G. F. Ayward, returned from service in France, was a visitor at the McKenty home this week. Capt. Ayward is an old time Lacombe boy, having been on Royal Bank staff for some time. He joined the forces early in the war and saw much service, and was severely wounded.

Those having old magazines, phonograph records which they have become tired of will please leave same with D. Cameron who will forward same to the M. C. A. headquarters in Calgary. These articles will be distributed among soldiers' homes, put on troop trains, and are needed by the association.

For the best 1918 Colt, fed and exhibited by boy or girl.

For the best 1918 Sheep, (lambled in 1917) fed and exhibited by a boy or girl.

Now, boys and girls, if you want to get in on the big prizes you will have to begin right now to get your stock in shape. The prizes are generous and every boy or girl exhibiting is guaranteed a prize.

### WOOL GROWERS ASSOCIATION

The Annual Meeting of the Central Alberta Wool Growers Association was held in the Town Hall, on December 15th, 1917.

The attendance at this meeting was very small and a larger representation of the members would be appreciated.

The Financial report for the year 1917 was submitted showing a balance of \$36.68 to the credit of the association. Adopted.

The expenses of the Association were considerably higher this year, partly owing to increased prices of sacks and higher wages, but mostly due to the fact that the wool did not all come in at once, making it necessary for the Association to pay warehouse rental and fire insurance for two months instead of one.

It was moved, seconded and carried that the time for receiving wool in 1918 be set from June 20th to July 1st.

Moved by R. L. Tracy, seconded by C. Young that this Association make a grant of \$50.00 to the Central Alberta Sheep Ass'n for their Ram Sale. Carried.

The Association wishes to thank A. Gilmour for his generous donation towards special prizes at the Ram Sale.

The following are the officers elected for 1918.

President, A. W. Sharp.  
1st. Vice President, C. Young.  
2nd. Vice President, G. H. Kent.

Directors:—  
J. Lockery.  
L. Cannon.  
T. F. Roberts.

J. J. Kasha.  
Sec.-Treas. A. J. Cameron.

### SMALL POX

There has been a few cases of a mild type of small pox in the town but there is no necessity for alarm so far, as all necessary precautions have been taken to prevent the spread of the disease.

All cases of Chicken pox must be reported, that the M. O. H. may be in a position to establish quarantine. Those failing to report cases in future will be prosecuted.

There are a few cases of diphtheria in one family. All cases of sore throat affecting different members of a family should be closely watched and reported to the M. O. H., if there is the slightest suspicion of the trouble being contagious.

If the people of the town will only co-operate with the authorities in

the matter of reporting cases and in obeying strictly the quarantine, there is no reason to doubt the spread of the infection will be controlled.

All places of amusement have been closed until further notice, so as to keep the children from congregating in heated buildings, and it is to be hoped that the people will not complain of such being done. The school will not re-open before January 15th.

W. J. Simpson, M. O. H.  
Lacombe, Jan. 7, 1918.

### BLINDMAN, VALLEY RAILWAY NOW IN OPERATION

There is a regular train service on the Electric Railway now between Lacombe and Bentley, under government supervision. During the past week ten or twelve carloads of hogs, grain and hay have been shipped from Bentley, and all freight from merchants and there is landed right at the Bentley freight shed. This is a great convenience for our friends of the west-country, who for twenty years have striven to get some transportation system, and they are to be congratulated on the success of their efforts.

A passenger service will soon be put on, and in the spring and summer it is reported an electric car will be used which will make frequent trips over the line, running a convenient service to Gull Lake for the accommodation of tourists.

Just watch Bentley boom now.

### DAY POWER FOR LACOMBE

Mayor Morrison has for some time past been considering the advisability of extending the electric plant and giving the town power during daytime. He is of the opinion that if power could be provided it would not be long before it would be a paying proposition for the plant, especially when the outlay to procure same is not very heavy. A small addition would have to be made to the plant, the estimated cost of which would be in the neighborhood of ten thousand dollars. There is no doubt that if power could be procured in the day-time here, a sufficient load to pay would soon be picked up, and our citizens are anxious to see it come.

During the past month the light wires have been extended to the academy and Rosedale, and a good load will be soon picked up from that suburb. The Academy contemplates starting a sanitarium in Alberta, probably at Lacombe, and in this event day power would become absolutely necessary.

### CHURCH ANNUAL

The Annual meeting of St. Cyprian's Church was held on Sunday last where reports read by the officers showed the past year to have been the most successful in the history of the Parish. The property has been put into good shape and is entirely free from debt, due to the energies of the ladies of the church. The Rector Rev. H. Asstier was congratulated upon the work of the year.

## Childrens Glasses

If your child complains of a headache or painful vision, now is the time to have its eyes examined.

We make a specialty of fitting Children's glasses, and use the utmost care in each case.

In the critical period of school life, many children suffer from eye defects, which a little care and attention would easily remove.
